College of the North Atlantic – Qatar *The professional and personal experience of a lifetime!*

Your dream

Make your dream of living and working abroad a reality! Join our team of Canadians at College of the North Atlantic's world class, post-secondary campus in the State of Qatar, and enjoy rewarding experiences teaching students from a variety of nationalities and cultures.

College of the North Atlantic – Qatar (CNA-Q), is Qatar's premier technical college, offering over 30 diploma programs through student-centered learning, using world-class training facilities. Since opening in 2002, CNA-Q has over 5,000 graduates who are proudly contributing to Qatar's knowledge-based economy and making the [Qatar National Vision 2030](#) a reality.

Your commitment

Reporting to the Dean of Health Sciences, the instructor will plan, develop, and deliver instruction to students enrolled in either the Emergency Medicine (Paramedicine) program, or Contract Training offerings in CPR, ACLS, BLS, First Aid, PALS etc. The instructor may be required to deliver additional courses in other Health Science programs at the discretion/direction of the dean/chair dependant on need and workload demands. S/he will evaluate student progress and manage the resources of the learning environment. The instructor will liaise with industry and other educational institutions; participate in industry advisory committees and coordinate, manage and control projects within the specified program area. Instructors will keep course portfolio documents required for accreditation processes and engage in instructional development/improvement plans. All employees are expected to contribute to professional and community life within the College and beyond. Depending on course delivery needs, this could be a clinical or classroom position. Employees may be required to work differing hours and/or through summer months.

Your qualifications

Graduation from an accredited Canadian Paramedicine program and current licensure as a Critical Care Paramedic; or equivalent scope of practice within the relevant jurisdiction. A thorough knowledge of Emergency Medicine (Paramedicine) and a minimum of five years recent relevant experience is required. A Bachelor of Education or other related degree would be assets. Experience teaching at a post-secondary level and expertise in curriculum development is desirable. Exemplary communication and interpersonal skills and expert fluency in English are required. Effective problem solving skills and the ability to develop effective working relationships across all levels of the organization are also required. Candidates must possess strong computer skills and knowledge of learning technologies. A demonstrated commitment to working in a team and learner centered environment is also required. Intercultural competence including intercultural sensitivity and adaptability, and an ability to behave appropriately and effectively in another culture are essential. Knowledge of the CNA college system is a definite asset.

The background of the entire page is a photograph of a modern, white building with a unique, angular architectural style. Several tall palm trees are scattered around the building. In the foreground, there is a calm body of water, likely a reflecting pool, which perfectly mirrors the building, the palm trees, and the clear blue sky above. The scene is bright and sunny, with the water reflecting the light from the sky and the building.
